UNIQUE STUDENT IDENTIFIER

The Unique Student Identifier (USI) scheme, enabled by the *Student Identifiers Act 2014*, allows learners to access a single online record of their VET achievements. The scheme also allows for reliable confirmation of these achievements by employers and other RTOs.

Unless exempt, the RTO must only issue a qualification or statement of attainment to a learner after:

- The learner has provided the RTO with a verified USI, or
- The RTO has applied for a USI on the students' behalf.

A USI gives you access to your online USI account, which is made up of ten numbers and letters. It will look something like this: 3AW88YH9U5.

A USI account will contain all your nationally recognised training records and results from 1 January 2015 onwards. Your results from 2015 will be available in your USI account in 2016. When applying for a job or enrolling in further study, you will often need to provide your training records and results. One of the main benefits of the USI is that you will have easy access to your training records and results throughout your life. You can access your USI account online from a computer, tablet or smart phone anywhere and anytime.

DO YOU NEED A USI?

You will need a USI when you enrol or re-enrol in training from 1 January 2015 if you are a:

- student enrolling in nationally recognised training for the first time, for example if you are studying at TAFE or with a private training organisation, completing an apprenticeship or skill set, certificate or diploma course; or
- school student completing nationally recognised training; or
- student continuing with nationally recognised training.

You are a continuing student if you are a student who has already started your course in a previous year (and not yet completed it) and will continue studying after 1 January 2015.

Once you create your USI you will need to give your USI to each training organisation you study with, so your training outcomes can be linked and you will be able to:

- view and update your details in your USI account;
- give your training organisation permission to view and/or update your USI account;
- give your training organisation "view access" to your Record of Results;
- control access to your Record of Results; and
- view online and download your training records and results in the form of a Record of Results which will help you with job applications and enrolment in further training.

If you are an international, overseas or an offshore student please visit usi.gov.au for more information.

While students may create their own USI, our RTO is also able to create USIs for our students. As a part of the enrolment process we have included on the Enrolment Agreement Form a section for the student to provide their USI, if you do not have a USI in place, we can provide you with a USI Privacy Notice so that we can apply for a USI on the students' behalf.

For more information, please refer to the following <http://usi.gov.au/Training-Organisations/Documents/FactSheet-RTO-Student-Information-for-the-USI.pdf>, a copy of the USI Fact Sheet is also accessible from the RTO head office.

ENROLMENT PROCESS FOR USI

1. All clients are to complete an Enrolment Agreement Form, which includes a section for the student to provide their USI.
2. RTO to verify the USI supplied by the student before visiting
3. If the student does not currently have a USI, the RTO can apply for a USI on their behalf, by providing the following forms of ID to the RTO:
 - Driver's Licence
 - Medicare Card
 - Australian Passport
 - Visa (with Non-Australian Passport) for international students
 - Birth Certificate (Australian)
 - Certificate of Registration by Descent
 - Citizenship Certificate

- Immi Card (international students)

4. Completed enrolment forms are entered into the Student Management Database creating a client record within the database
5. The client record will be retained within the Student Management System with all records of attainments in an accessible format for a period of thirty (30) years.
6. Where a qualification or statement of attainment is recorded in the USI scheme, no additional records are required to be kept, as the records required will exist within the USI scheme.

SECURITY OF THE STUDENT USI

The RTO will ensure the security of USIs and all related documentation for verifying the student identity, all personal information collected solely for the purpose of applying for a USI on behalf of a student will be destroyed in manner that will keep all personal information confidential, this includes digital and hard-copy of records.

The following process is in place for ensuring the security of a student's USI:

- Only authorised personnel will have access to a student's personal information, for both hard copy and electronic records.
- All student records, including evidence collected for verifying the students record, are stored in "locked" filing cabinets within the head office.
- Strong passwords on all network-connect computers are in place, which is only accessible by authorised personnel.
- Back-up copies of the database is automatic as the Database is cloud based.

USI PRIVACY NOTICE

All students who do not currently have a Unique Student Identifier (USI) in place and want the RTO to apply for a USI on their behalf, will be issued with a USI Privacy Notice. The student will be required to sign this form prior to the RTO setting up the students USI.

ISSUANCE OF STATEMENTS OF ATTAINMENT

Once a USI has been collected, verified and stored into the RTO's database, and on successful completion of training, the RTO will provide nationally recognised statement of attainments to students.

When a student logs into their USI account it will link to the national data collection using the USI. The students USI account will then be able to see their records and results completed. The student's results from 2015 will be available in their USI accounts from 2016 onwards.

CONSUMER GUARANTEE

Trainix guarantees that the services provided by Trainix will be:

- provided with due care and skill
- fit for any specified purpose (express or implied)
- provided within a reasonable time (when no timeframe is set for the training).

On the Enrolment Agreement Form the supply of services states when the services will be provided and the date they will be completed. If the Enrolment Agreement Form does not include the dates, i.e. for RPL or on the job training, the RTO guarantees to supply the service within a reasonable timeframe. What is 'reasonable' will depend on the nature of the training and other relevant factors such as the students' ability to complete the training and assessment.

WHAT HAPPENS IF THIS GUARANTEE IS NOT MET?

In the first instance, the student should submit a complaint to the RTO identifying where the RTO has not met its requirements against the Consumer Guarantee, please refer to the Complaints and Appeals policy on page **Error! Bookmark not defined.** for how to submit a complaint.

If a student believes that the RTO has failed to meet one or more of the consumer guarantees, he/she is entitled to a remedy – for example, a refund, a further service to rectify the problem and in some circumstance's compensation for consequential loss. In line with the Complaints and Appeals process, the RTO will provide the appropriate remedy.

If the problem is **minor** and can be fixed, the RTO will choose how to fix the problem.

The consumer cannot cancel and demand a refund immediately, the RTO must have an opportunity to fix the problem. If the complaints process takes too long, the consumer is eligible to cancel the service and request a refund.

In the event of a **major** problem, and the RTO is unable to fix the training service, the consumer can choose to:

- terminate the contract for services and obtain a full refund, or
- seek compensation for the difference between the value of the services provided compared to the price paid.

A purchased service has a **major** problem when it:

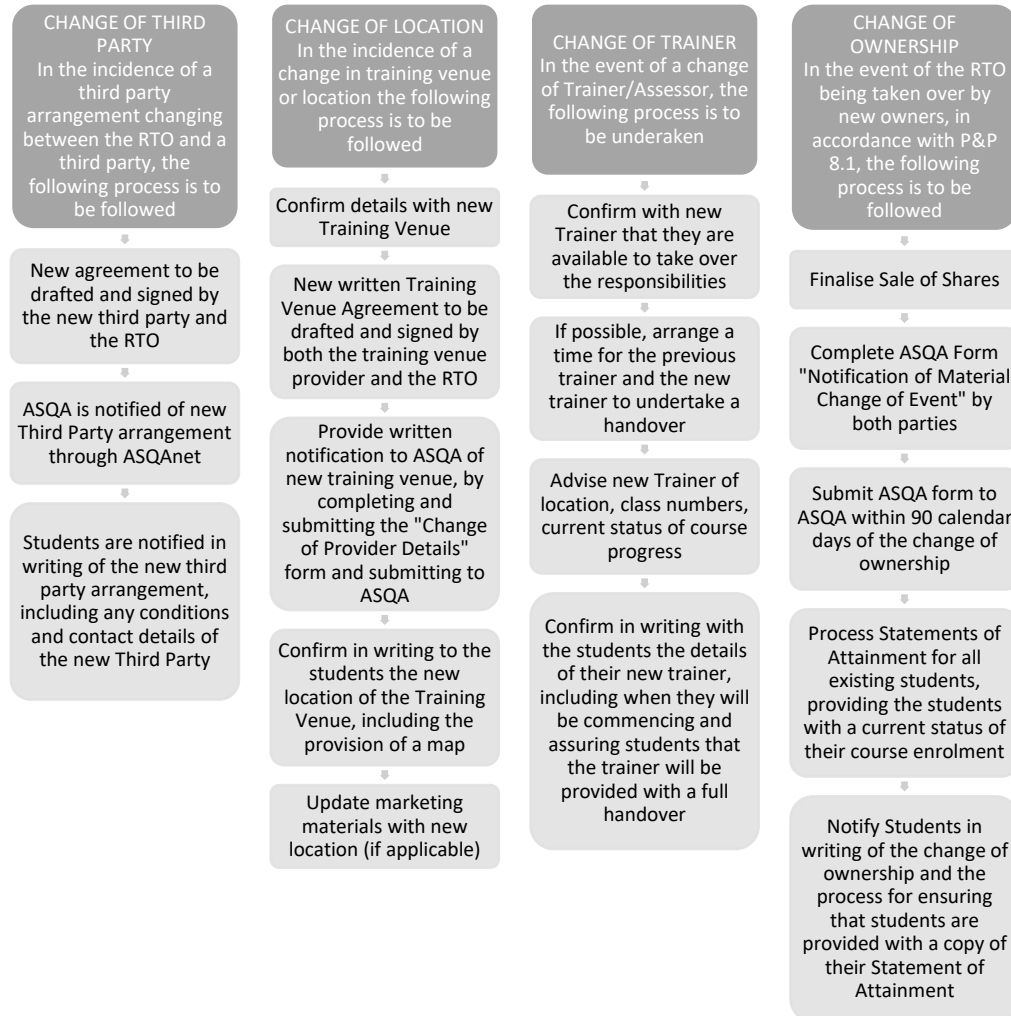

- has a problem that would have stopped someone from purchasing the service if they had known about it
- is substantially unfit for its common purpose, and can't easily be fixed within a reasonable timeframe
- does not meet the specific purpose the consumer asked for and can't easily be fixed within a reasonable timeframe
- creates an unsafe situation.

Trainix is not required to provide a remedy or refund if a consumer:

- simply changes their mind, decides they do not wish to go ahead with the training
- discovers they can buy the training more cheaply elsewhere

Where there are any changes to the agreed services that will affect the learner, including in the event of Trainix closing down, the RTO will advise the learner in writing within 10 business days of the event, this includes changes to any new third-party arrangements or a change of ownership or any changes to existing third-party arrangements.

CHANGES TO AGREED SERVICES PROCESS

TRAINING EVALUATION FORM (FEEDBACK)

The purpose of the Training Evaluation Form is to collect feedback from students on the delivery of training and assessment, including training facilities, the trainers' skills and knowledge, as well as feedback on the resources utilised for delivery of training, and overall satisfaction ranking with the course.

At the mid-way point and completion of each training program a Training Evaluation Form is to be handed out to the participants for completion. The Training Evaluation Forms are to be collected and the relevant trainer will prepare a summary of the evaluations to be given to the RTO Manager for reviewing at the monthly Quality and Compliance Meetings.

In addition to training evaluation, the RTO will conduct random surveys and interviews with industry leaders, clients, students and other community bodies to identify future needs in training.

The RTO Manager will report both positive and negative feedback to the relevant people for discussion. Feedback regarding delivered programs is to be discussed with the trainer that delivered the training with positive feedback being acknowledged. These discussions are to assist in the revision and adjustment of training material and delivery methods and enable to trainers' professional development.

Any complaints or issues that are identified from feedback are to be recorded in an Opportunity for Improvement Form for action. Once action has been taken the Opportunity for Improvement Form is to be filed into the Opportunity for Improvement Register. Forms filed into the folder are reviewed at the monthly Quality and Compliance Meetings.

LANGUAGE, LITERACY AND NUMERACY (LLN)

LLN support is available to provide students with advice and support services in the provision of language, literacy, and numeracy assessment services. Student's needing assistance with their learning should be identified upon enrolment. Trainers and staff within the RTO can provide students with support to assist the student throughout the learning process.

Language, Literacy and Numeracy skills are generally included and identified in Training Products and accredited course programs. In identifying language, literacy and numeracy requirements, students are required to have demonstrate the following:

Language/Literacy in the Workplace:

A moderate level of English understanding is required to enrol into the LF or LO course. As a HRW licence holder, you will need to be able to communicate verbally, in English, with co-workers, supervisors, managers, truck drivers and customers.

You will also need to have the language skills to read and understand the following:

- Workplace Policies & Procedures
- Hazard Signs
- Checklists
- Work Orders
- Consignment Notes (and other transport documents such as manifests and invoices)
- Forklift and/or Order Picker Data Plates & Warning Labels
- Forklift and/or Order Picker Operator Manuals

Numeracy in the Workplace:

You will need to be able to assess the loads that you are lifting. Sometimes this may require you to calculate the weight of a load. You may also need to conduct stocktake (counting stock) and pick or pack orders that will also require counting.

LLN procedure for Trainers/Assessors

- Prior to taking payment, we send a link to an online LLN quiz (jotform/google forms) that will help us determine whether a student is or isn't eligible to enrol or requires assistance (verbal test, AMES etc.)
- Once we have received a successful LLN response, the payment and enrolment process will begin. If a student is unsuccessful and requires assistance or additional support, we suggest AMES (English classes) to be attended before booking a course.
- If a student passes the LLN successfully but still has concerns with writing, we can offer a verbal assessment at no additional charge.
- If after a successful LLN result and the student is found to be having difficulty with LLN during the course, additional time will be organised to study before attempting the National Assessment. A full refund will be offered if it is determined that their LLN skills are very poor.
- Admin will organise course confirmation, enrolment and payment once LLN has been deemed successful.

MONITORING THE EFFECTIVENESS OF SERVICES

Student progress will be monitored by the Assessor, in conjunction with the RTO Manager, to ensure that the students' needs are being met. The Trainer is required to report to the RTO Manager on student progress through the Trainers Report, which is submitted once a month to the RTO Manager. Please refer to policy and procedure on page **Error! Bookmark not defined.** for the Trainers Report Process.

The RTO is committed to providing students requiring additional support, advice or assistance while training. To achieve this and to ensure the quality delivery of training and assessment, the RTO provides support services to improve and extend training outcomes. The Support Services List provides a list of support services available to students through referral, please refer to the list to identify the most appropriate service for the students. This list is provided on the back of the Student Handbook and includes website addresses and phone numbers to access these services.

If a student is unsure of the service that they require, they should contact their trainer or the RTO Manager to discuss further.

PRINCIPLES OF ASSESSMENT AND THE RULES OF EVIDENCE

Assessors are responsible for ensuring that all assessments are conducted in accordance with the principles of assessment and the rules of evidence.

Principles of assessment are required to ensure quality outcomes. Assessments should be fair, flexible, valid and reliable as follows:

- Fairness:** Fairness requires consideration of the individual candidate's needs and characteristics, and any reasonable adjustments that need to be applied to take account of them. It requires clear communication between the assessor and the candidate to ensure that the candidate is fully informed about, understands, and is able to participate in, the assessment process, and agrees that the process is appropriate. It also includes an opportunity for the person being assessed to challenge the result of the assessment and to be reassessed if necessary.
- Flexible:** To be flexible, assessment should reflect the candidate's needs; provide for recognition of competencies no matter how, where or when they have been acquired; draw on a range of methods appropriate to the context, competency and the candidate; and, support continuous competency development.
- Validity:** There are five major types of validity: face, content, criterion (i.e. predictive and concurrent), construct and consequential. In general, validity is concerned with the appropriateness of the inferences, use and consequences that result from the assessment. In simple terms, it is concerned with the extent to which an assessment decision about a candidate (e.g. competent/not yet competent, a grade and/or a mark), based on the evidence of performance by the candidate, is justified. It requires determining conditions that weaken the truthfulness of the decision, exploring alternative explanations for good or poor performance, and feeding them back into the assessment process to reduce errors when making inferences about competence.
- Unlike reliability, validity is not simply a property of the assessment tool. As such, an assessment tool designed for a particular purpose and target group may not necessarily lead to valid interpretations of performance and assessment decisions if the tool was used for a different purpose and/or target group
- Reliability:** There are five types of reliability: internal consistency; parallel forms; split-half; inter-rater; and, intra-rater. In general, reliability is an estimate of how accurate or precise the task is as a measurement instrument. Reliability is concerned with how much error is included in the evidence.

Following is a guide to what should be in the assessment tools to meet the "Principles of Assessment":

- Elements addressed (to levels as defined in performance criteria)
- Knowledge evidence/required knowledge addressed
- Performance evidence/required skills addressed
- Assessment conditions/critical aspects of evidence addressed
- Context and consistency of assessment addressed to appropriate AQF level
- Assessment of knowledge and skills is integrated with their practical application
- Assessment uses a range of assessment methods
- Criteria defining acceptable performance are outlined for all instruments
- Clear information about assessment requirements is provided (for assessors and students)

- Allows for reasonable adjustment and provides for objective feedback
- Considers dimensions of competency and transferability

Rules of evidence are closely related to the principles of assessment and provide guidance on the collection of evidence to ensure that it is valid, sufficient, authentic and current as follows:

- Validity:** Assessment evidence considered has direct relevant to the unit or module's specifications.
- Sufficiency:** Sufficiency relates to the quality and quantity of evidence assessed. It requires collection of enough appropriate evidence to ensure that all aspects of competency have been satisfied and that competency can be demonstrated repeatedly. Supplementary sources of evidence may be necessary. The specific evidence requirements of each unit of competency provide advice on sufficiency.
- Authenticity:** To accept evidence as authentic, an assessor must be assured that the evidence presented for assessment is the candidate's own work.
- Currency:** Currency relates to the age of the evidence presented by candidates to demonstrate that they are still competent. Competency requires demonstration of current performance, so the evidence must be from either the present or the very recent past.

Following is a guide to what should be in the assessment tools to meet the "Rules of Evidence":

Validity	Assessment evidence considered has direct relevance to the unit or module's specifications
Sufficiency	Sufficient assessment evidence is considered to substantiate a competency judgement
Authenticity	Assessment evidence gathered is the learner's own work
Currency	Competency judgements include consideration of evidence from the present or the very recent past

In order to ensure that assessment activities/tasks meet the Principles of Assessment and the Rules of Evidence requirements, which includes meeting workplace requirements and to ensure the reliability and flexibility of assessment, all assessment activities/tasks must be validated.

RECOGNITION OF PRIOR LEARNING (RPL)

Under the Standards for Registered Training Organisations (RTOs) 2015, your RTO must offer recognition of prior learning (RPL) to individual learners—unless the requirements of the training package or licensing requirements prevent this.

Taken from <https://www.asqa.gov.au/standards/faqs/recognition-prior-learning>

Due to WorkSafe Victoria licensing requirements, we are not able to offer RPL for either of our courses currently on scope of our registration.

TLILIC0004 Licence to operate an order picking forklift truck.

CHEATING AND PLAGIARISM

Trainix will not condone cheating or plagiarism in any form by students of the RTO and will ensure that these standards are upheld. Trainers must be diligent in reducing potential opportunities for cheating and plagiarism to occur by adhering to our policy on Cheating and Plagiarism.

DEFINITION OF CHEATING

Cheating is defined as obtaining or attempting to obtain, or aiding another to obtain credit for work, or any improvement in evaluation of performance, by any dishonest or deceptive means. Cheating includes, but is not limited to: lying; copying from another's test or examination; discussion at any time of answers or questions on an examination or test, unless such discussion is specifically authorized by the instructor; taking or receiving copies of an exam without the permission of the instructor; using or displaying notes, "cheat sheets," or other information devices inappropriate to the prescribed test conditions; allowing someone other than the officially enrolled student to represent same.

DEFINITION OF PLAGIARISM

Plagiarism is defined as the act of using the ideas or work of another person or persons as if they were one's own without giving proper credit to the source. Such an act is not plagiarism if it is ascertained that the ideas were arrived through independent reasoning or logic or where the thought or idea is common knowledge. Acknowledgement of an original author or source must be made through appropriate references; i.e. quotation marks, footnotes, or commentary. Examples of plagiarism include, but are not limited to the following: the submission of a work, either in part or in whole completed by another; failure to give credit for ideas, statements, facts or conclusions which rightfully belong to another; failure to use quotation marks (or other means of setting apart, such as the use of indentation or a different font size) when quoting directly from another, whether it be a paragraph, a sentence, or even a part thereof; close and lengthy paraphrasing of another's writing without credit or originality; use of another's project or programs or part thereof without giving credit.

It is cheating to:

- use notes or other resources without permission during formal testing
- hand in someone else's work as your own (with or without that person's permission)
- hand in a completely duplicated assignment
- take work without the author's knowledge
- allow someone else to hand up your work as their own
- have several people write one computer program or exercise and hand up multiple copies, all represented (implicitly or explicitly) as individual work
- use any part of someone else's work without the proper acknowledgement
- steal an examination or solution from a Trainer/Assessor.

It is not cheating to:

- discuss assignments with your Trainer/Assessor or other students to understand what is being asked for
- hand in work done alone or with the help of staff
- get help to correct minor errors in spelling, grammar or syntax (sentence construction)
- discuss assignment requirements and course materials so that you can better understand the subject (this is, in fact, encouraged)
- submit one assignment from a group of students where this is explicitly permitted or required
- use other people's ideas where they are acknowledged in the appropriate way, such as referencing using footnotes, end notes or the Harvard system of referencing.

PENALTIES

If you are suspected of cheating, your Trainer/Assessor will investigate to establish evidence to support the suspicion.

If there is evidence to support the suspicion, your Trainer/Assessor will notify the RTO Manager and set out the concerns to you in writing, requesting a time to discuss the matter. You will have the opportunity to counter the allegations made against you.

Once you have provided your information, Trainix may come to one of two decisions:

- It is a minor or unintentional offence and you will need to undergo an alternative form of assessment, such as a short oral assessment, which may involve talking about the work or questioning. The penalty in this case is that you will receive the lowest level of competency or pass for all the learning outcomes being assessed.
- It is a serious offence and you will fail the module. Repeated offences of cheating – minor or serious – will result in failure of the module plus a record on your student file, together with the reason.

You will be advised of all penalties writing.

WHAT IF I DON'T AGREE WITH THE DECISION?

If you are accused of and penalised for cheating and believe that the accusation is unjust, you have the right to appeal against the charge. This appeal must be lodged in writing with the educational manager of the program within one week of the penalty being imposed.

The appeal may be lodged against:

- the process
- the decision
- the penalty.

The appeal will be investigated and a decision will be advised to you within a week of your appeal.

If you are having difficulties with your studies, you are encouraged to seek help from your Trainer/Assessor.

OPPORTUNITY FOR IMPROVEMENT

A key process for managing continuous improvement throughout the RTO is through identifying “Opportunities for Improvement”, these can be improvements to Training and Assessment, Client Services or Management Systems. Examples of when Opportunities for Improvement may be identified include:

- Training and Assessment:
 - Reviewing a Training and Assessment Strategy
 - Feedback on Training and Assessment
 - Industry Consultation
 - Assessment Validation
 - Internal Audits
- Client Services:
 - Opportunities for Improvement
 - Training Evaluation Form
 - Enrolment Agreement Forms
 - Internal Audit Reports
 - Complaints and Appeals Forms
- Management Systems:
 - Quality and Compliance Meeting minutes
 - Review of Continuous Improvement Cycle
 - Conducting Annual Internal Audits

All staff and students are encouraged to complete an Opportunity for Improvement Form if they identify a system, process or procedure requiring implementation or improvement.

The implementation of the actions identified in the Opportunity for Improvement Form will be reviewed and discussed at the Monthly Quality and Compliance Meetings. Following is the process for opportunities for improvement:

1. An opportunity for improvement is identified
2. An Opportunity for Improvement Form is completed, by outlining the details of the current weakness in the system, process, procedure or practice.
3. In order to focus on the solution and not the weakness, the person who has identified the improvement is given the opportunity to also identify the “Action required for Improvement”. If they are not able to identify a solution, this will be given to the RTO Manager to resolve.
4. Submit the Opportunity for Improvement Form to the RTO Manager.
5. RTO Manager reviews the Opportunity for Improvement Form, and either reviews the suggested “Action required for Improvement” identified by the person who completed the form or identifies what they believe the “Action required for Improvement”.
6. The RTO Manager enters the Opportunity for Improvement into the Opportunity for Improvement Register.
7. RTO Manager either then delegates the Opportunity for Improvement to be actioned by another staff member or undertakes the Action to be completed.
8. Once Actioned and finalised, the Opportunity for Improvement Form is to be filed into the Opportunities for Improvement Register.
9. The Opportunity for Improvement is reviewed at the monthly Quality and Compliance Meeting. Minutes from the Quality and Compliance Meeting are distributed to all Training and Administration staff so that they can review the Opportunities identified.

CERTIFICATION

In determining whether a student is competent/or not yet competent, the student is assessed against the requirements of the qualification, including the units of competencies and the performance criteria and assessment requirements within the units of competency.

Students are issued with a VET Statement of Attainment once competency has been achieved, as outlined within the Training Product.

Statements of Attainment will be issued by email no later than 30 days after competency has been achieved.

ACCESS TO RECORDS

All student records, such as personal details and records of participation and progress (this includes data collected on the Enrolment Agreement Form and assessment results that are collected), are kept within a secure area (both electronic and hard files). An electronic record of each Student's enrolment and participation is kept on the Student Management System for a period of 30 years, this record is password protected and is only accessible by employees of the RTO.

All students have the right to access their record of participation and progress within a timely manner. In order for a student to access their records they are required to submit a request in writing to the RTO. If the student wishes to provide a third party with access to their records, they should state this in their formal request in writing.

The RTO will provide, within 48 hours of receiving the written request, a confirmation in writing that the RTO has received a request for Access to Records and confirmation of how long it will take for the access to be granted.

In no more than 5 business days the RTO will provide the student with access to their records as well as a Record of Results of the student's participation and progress.

COMPLAINTS POLICY

Staff and students have the right to submit a complaint if they wish to express discontent against another person or a complaint against the RTOs process or system. In order to ensure that complaints are dealt with in a timely manner, we have implemented a complaints process.

This policy and procedure is relevant to all grievances arising in the following areas:

- a) Student wishes to raise a complaint against another student
- b) Student wishes to raise a complaint against the RTO
- c) Student wishes to raise a complaint about a Third Party
- d) RTO staff wishes to raise complaint about a Third Party
- e) Staff wishes to raise a complaint about another staff member or a student

COMPLAINTS PROCESS

If a student, trainer or staff member is experiencing any difficulties, they are encouraged to discuss their concerns with Senior Management. RTO administrative staff will make themselves available at a mutually convenient time if a student wishes to seek assistance.

If a Student or Staff member wishes to make a formal complaint they are required to complete a Complaints and Appeals Form, which is included in the Student and Trainers Handbook. Once the form has been completed, the form should be submitted to the **RTO manager** for actioning.

If required, the student has the right to have a third party/support person assist them through the Complaints Process, this may be due to language barriers or simply at the students' request.

Following is the process for managing complaints:

1. Formal complaint is received by the complainant to the RTO
2. If not already submitted with the complaint, a *Complaints and Appeals Form* is completed and submitted to the RTO Manager
3. A written acknowledgement of receipt of the *Complaints and Appeals Form* will be forwarded to the complainant following receipt by the RTO Manager within 5 business days
4. The Complaint is discussed with all parties involved in the grievance, in order to find a solution agreeable to all parties
5. Grievances should be kept confidential, in order to protect the complainants
6. All *Complaints and Appeals Form* are to be reviewed at the monthly Quality and Compliance Meetings.
7. The RTO Manager is to follow the process on the *Complaints and Appeals Form* for the process under "Recommended Action Required for Improvement".

- a. An initial meeting is to be held within 10 business days
 - b. If further investigation is required, this should be completed within 60 calendar days.
8. Each appellant:
- a. Has an opportunity to formally present his or her case
 - b. Is given a written statement of the complaint outcomes, including reasons for the decision
9. If a solution cannot be found the matter is brought before senior management for resolution, agreeable to all parties.
10. If Senior Management is party to the grievance, they will not take part in any discussions or decisions made and the matter will be referred to the CEO.
11. If a solution has not been reached to the benefit of all parties the complainant has the right to request a review by an independent party, who is not part of the RTO
12. The RTO is responsible for acting upon the subject of any complaint found to be substantiated.
13. Complaints and Appeals Forms received are to be entered onto the Complaints and Appeals Register
14. If the RTO determines that the complaint process cannot be finalised within 60 calendar days the RTO Manager will:
- a. Confirm this in writing to the complainant, including reasons why more than 60 calendar days is required
 - b. Will regularly update the complainant or appellant on the progress of the matter

Complaints and Appeals Forms are to be actioned by the appropriate staff member and filed into the *Complaints and Appeals Register* and a scanned copy saved onto the student file in the database.

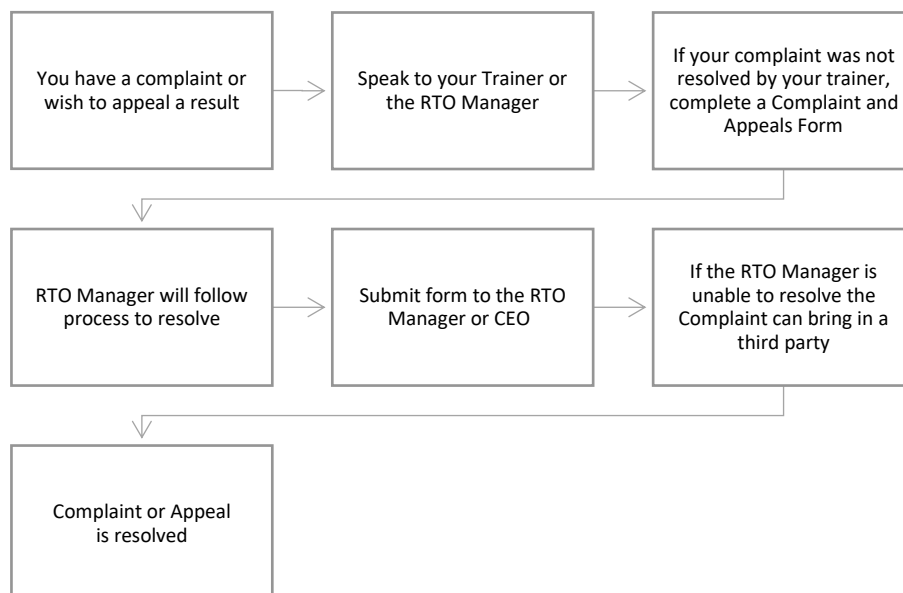

All *Complaints and Appeals Forms* are to be reviewed during the monthly Quality and Compliance Meetings and improvements are to be identified and implemented according to the Policies and Procedures of the RTO.

Should the internal process be unsatisfactory, you can lodge a complaint to the:

- National Training Complaints Hotline (<https://www.education.gov.au/NTCH>)
Phone: 13 38 73, Monday–Friday, 8am to 6pm nationally.
Email Complaints: <https://www.education.gov.au/email-complaints>
- Office of Fair Trading (<http://www.fairtrading.nsw.gov.au>).
- Australian Skills Quality Authority (<http://www.asqa.gov.au/complaints/complaints.html>)
- Consumer and Business Services SA (<http://www.cbs.sa.gov.au/wcm/>)

There is no cost involved with lodging a complaint with Trainix.

COMPLAINTS FLOWCHART

COMPLAINTS AND APPEALS FROM

The Complaints and Appeals Form is accessible from the Student and Trainers Handbook or a complainant can also contact the RTO to obtain a copy of the form.

COMPLAINTS REPORT FROM

The Complaints Report Form is to be used if there is not enough room on the Complaint and Appeals Form to describe the complaint. This form is to be attached and submitted with the *Complaints and Appeals Form*.

COMPLAINTS AND APPEALS REGISTER

The RTO has in place a register for filing completed Complaints and Appeals forms. When a complaint or appeal is received, the form collected is to be entered into the Complaints and Appeals Register and given a register number.

Complaints and Appeals that are placed into the register are reviewed and monitored each month at the monthly Quality & Compliance Meeting.

ASSESSMENT APPEALS POLICY

The student has the right to appeal on an assessment result if they believe that the result given was unfair or unjustified.

This includes Appeals arising in the following areas:

- a) Student disagrees with the result given by their Assessor (including Third Party)
- b) Student wishes to have their result reviewed by another Assessor
- c) Student wishes to be re-assessed for the same unit
- d) Student wishes to change the unit
- e) Student believes that they were discriminated against by the Assessor

ASSESSMENT APPEALS PROCEDURE

All students have the right to appeal any assessment decision made by the RTO if they:

- Believe that the assessment is invalid and/or
- Feel that the process was invalid, inappropriate or unfair

Before making an appeal, we ask that you discuss the matter with your Trainer/Assessor in an attempt to reach a decision.

If you are still not happy, you are then entitled to lodge a formal Appeal by completing an "Complaints and Appeals Form" within 7 days of the initial discussion. Once a formal appeal is lodged a new Assessor will be appointed in an attempt to resolve the appeal. Any decision recommended by this party is not binding to either party in the dispute.

If you are still not satisfied another registered training provider in the same curriculum area will be appointed to arbitrate and reassess participants if necessary.

You have the right to a support person to be involved at all times during the appeal process.

Following is the process submitting an Appeal:

1. Student receives a result for an assessment task of which they do not agree with the result
2. Student completed a *Complaints and Appeals Form*
3. The *Complaints and Appeals Form* is submitted to the RTO Manager
4. A written acknowledgement of receipt will be forwarded to the Student confirming receipt of the *Complaints and Appeals Form*
5. The RTO Manager will consult with the trainer/assessor and student individually
6. The RTO Manager is to follow the process on the *Complaints and Appeals Form* for the process under "Recommend Action Required for Improvement"

7. An initial meeting should be held within 10 business days
8. The student will be advised of the outcome of this consultation process within 15 business days of the dispute being lodged
9. If it is decided that there is a case for review, a suitably qualified, independent assessor will be employed to conduct another assessment. An assessment date will be negotiated with the student. Following the assessment, the student will be advised of the result within 10 business days
10. If the student is not satisfied with any decisions made in this review process, a Review Board (which may include representatives from another RTO) will be convened to review the case again. An opportunity for Improvement Form may need to be completed in order to identify any improvements on the process that may need to be made
11. All *Complaints and Appeals Forms* received are to be entered onto the Complaints and Appeals Register

All *Complaints and Appeals Forms* are to be reviewed during the monthly Quality and Compliance Meetings. If the RTO determines that the appeals process will take more than 60 calendar days, the RTO manager will notify the student in writing including reasons why more than 60 days is required. The RTO manager will regularly update the student with the process.

INSURANCE

The RTO monitors and maintains the appropriate Workplace Health and Safety levels and obligations under the Federal and State rules and regulations of:

VIC - Occupational Health and Safety Act 2004

VIC - Occupational Health and Safety Regulations 2017

If students have any concerns or notice a condition or practice that seems unsafe, it is important that it is brought to the attention of the RTO management this generally occurs through the Trainer / Assessor.

WHS INCIDENT REPORT

The WHS Incident Report is utilised to record injuries and incidences that occur within the RTO/workplace and must be completed whenever an injury or incident is identified. The form collects data on the incident, personal details of the person who was injured and further action to be undertaken.

In the incident of a student injury, it is the responsibility of the Trainer/Assessor to complete the form with all the relevant details. In the incident of a staff member being injured, it is the responsibility of Administration Staff to complete the form with all the relevant details.

All staff and students are required to be safety aware and report all incidents, including an identified hazard or an injury that has occurred on the RTO premises or whilst on work placement. These should be either reported to your trainer or to the administration office at the RTO.

The following procedure should be followed when reporting an incident after the event and when the area/person has been declared safe:

1. Obtain a copy of the "WHS Incident Report" form from either a trainer or the administration office at the RTO.

2. Complete the form to the best of your abilities, by ensuring all fields are completed on pages 1, and 2, as indicated.
3. Submit completed copy to reception at the RTO office.
4. Reception are required to forward the form to the WHS Officer

6. WHS Coordinator to complete pages 3 and 4 of the report "Action Required/Taken", including:
 - a. How was the risk managed?
 - b. Whether the relevant safety authority and/or the insurance company was contacted
7. WHS Coordinator to identify whether a required WHS Risk Assessment is required.
8. WHS Officer to log the "WHS Incident Report" into the "WHS Register" and file.
9. All incidences to be discussed at the next Quality and Compliance Meeting.
10. In the case of minor incidences an "Opportunity for Improvement" form should be completed.

HAZARD IDENTIFICATION

Everyone is responsible for identifying and reporting hazards, which includes students, sub-contractors and employees of the RTO. If you identify a hazard, please report it to either your RTO Manager or the administration office. You will be required to complete either an *WHS Injury Report Form* or a *Hazard Identification Report Form*.

It is important all staff report any injury immediately, by completing a *WHS Injury Report Form*, which located in the *Trainers Folder* or in the *Administration Office*. If any staff have any concerns or notice a condition or practice that seems unsafe, it is important it is brought to the attention of RTO Manager or an Administration staff member of the RTO.

EMERGENCY PROCEDURES

An emergency situation may be described as an incident that has the potential to cause loss of life or serious injury to personnel, or major damage to equipment or property. An emergency situation develops suddenly and unexpectedly and requires immediate action to bring under control.

In the event of an emergency, if practical, save human life or prevent the emergency from escalating e.g. remove people from the area, fight the fire with appropriate firefighting equipment or turn off services.

Fire Emergency

If the emergency situation involves a fire the following points should be remembered if attempting to fight the fire:

1. When using a fire extinguisher do not aim the nozzle at the centre of the fire. Work from near edge and with a sweeping motion drive the fire to the far edge.
2. Do not stand down wind or downhill of a fire.
3. If there is any chance of chemicals or explosives in the fire, evacuate the area.
4. If there is any doubt about it being an electrical fire, treat it as an electrical fire.
5. If unable to immediately control the situation it must be reported by available means such as, telephone, etc.
6. You must notify your name, type of emergency, location of the emergency and assistance required.
7. Never take any unnecessary risks in attempting to control the situation. Evacuate first.

You need to make yourself aware of Emergency Procedures, the location of fire extinguishers or hose reels and the location of the Evacuation Meeting Point.

Evacuation Procedure (T&S)

In the event of an emergency situation e.g. a fire, bomb threat, gas leak etc... each employee/contractor is required to follow the Evacuation Procedures below.

1. Upon notification to evacuate, e.g. alarm or a warning from the Fire Warden, each employee/contractor is to await further instructions from the Fire Warden.
2. Once the Fire Warden has given instructions to evacuate each staff member should:
 - a. follow the Fire Warden to the Evacuation Meeting Point
 - b. leave the building in an orderly manner, and
 - c. meet at the Evacuation Meeting Point indicated on the signs located around the building.
3. Upon arriving at the Evacuation Meeting Point please await further instructions from the Fire Warden or the Emergency Services.

Please do not leave the Evacuation Meeting Point until you are instructed to do so, as a roll call will be initiated to ensure that there are no employees/contractors or students left behind in the building

LEGISLATIVE AND REGULATORY REQUIREMENTS

When undertaking work experience, the student acknowledges that they must observe the employers Workplace Health and Safety (WHS) Policies and all workplace practices, as instructed by the employer, including Equal Rights, Equal Opportunity and the Anti-Discrimination Acts. In consideration of all the RTO clients and students it is important that adherence to all legislative acts and regulations are observed while undertaking training.

The student acknowledges that they must observe the RTO's policies and procedures, according to State and Federal Government legislative and regulatory requirements, as set out in the Student Handbook.

STATUTORY EDUCATION LICENCE

Provisions under Part VB of *The Copyright Act 1968* allow all educational institutions to copy and communicate third party material to distribute to students, within the limitations of the Statutory Education licence. [The Copyright Agency Ltd \(CAL\)](#) administers the Statutory Education licence on behalf of the Attorney General's Department.

Any RTO electing to rely on this licence is legally allowed to introduce a wide variety of material into its training environment, both in hardcopy and digital format, without having to obtain direct permission from the owner. It facilitates compliance and good governance across the industry, while at the same time ensuring the freedom and flexibility of sharing information without infringing copyright legislation.

Without this licence an educational institution is generally not allowed to reproduce any third party material from any source, other than where there is a direct licence/subscription in place, or permission has been granted by the creator of the work.

For further details about the Statutory Education licence and/or how to apply, call CAL's education team on 02 9394 7600 or email educationlicences@copyright.com.au.

STANDARDS FOR REGISTERED TRAINING ORGANISATIONS 2015

The [Standards for Registered Training Organisations 2015](#) form part of the VET Quality Framework, a system which ensures the integrity of nationally recognised qualifications. These Standards set out the requirements that Trainix are required to meet in order to be an RTO.

RTOs are required to comply with these Standards and with the:

- *National Vocational Education and Training Regulator Act 2011* or equivalent legislation covering VET regulation in a non-referring State as the case requires
- VET Quality Framework

Note – the *National Vocational Education and Training Regulator Act 2011*, or equivalent legislation covering VET regulation in a non-referring State, provides the VET Regulator with the powers necessary to carry out its functions. Nothing in these Standards may be read as limiting or diminishing those powers.

These Standards should be read in conjunction with the:

- Standards for Training Packages
- Standards for VET Accredited Courses
- Standards for VET Regulators

All employees, including contractors, of Trainix are required to comply with the regulatory requirements of these standards across the RTO's operations and scope of registration. Compliance with the Standards includes ensuring that training products delivered by the RTO meets the requirements of training packages or VT accredited courses and have integrity for employment and further study and ensure that the RTO operates ethically with due consideration of learners' and enterprises' needs.

NATIONAL VOCATIONAL EDUCATION AND TRAINING REGULATOR ACT 2011

The [National Vocational Education and Training Regulator Act](#) establishes the regulatory requirements for registration of a RTO's. The objectives of this act are:

- a) to provide for national consistency in the regulation of vocational education and training (**VET**); and
- b) to regulate VET using:
 - i. a standards-based quality framework; and
 - ii. risk assessments, where appropriate; and
- c) to protect and enhance:
 - i. quality, flexibility and innovation in VET; and
 - ii. Australia's reputation for VET nationally and internationally; and
- d) to provide a regulatory framework that encourages and promotes a VET system that is appropriate to meet Australia's social and economic needs for a highly educated and skilled population; and
- e) to protect students undertaking, or proposing to undertake, Australian VET by ensuring the provision of quality VET; and
- f) to facilitate access to accurate information relating to the quality of VET.

Note 1: The standards-based quality framework mentioned in paragraph (b) consists of instruments made by the Ministerial Council, the Minister or the National VET Regulator.

Note 2: These objects are subject to the constitutional basis for this Act (see Division 3).

AUSTRALIAN QUALIFICATIONS FRAMEWORK (AQF)

Applicants and RTOs are required to comply with the [Australian Qualifications Framework](#) (AQF), in particular when developing materials or writing Training and Assessment Strategies. The AQF is the quality assured national framework of qualifications in the school, vocational education and training, and higher education sectors in Australia. The AQF Handbook outlines the requirements for setting up Certificates and Testamurs

DATA PROVISION REQUIREMENTS 2020

The [Data Provision Requirements 2020](#) outlines the requirements for applicants and registered training organisations (RTOs) to capture and provide data to the regulatory body.

The data required relates to registration and performance information, including [quality indicator data](#) and information derived from the Australian Vocational Education and Training Management of Information Statistical Standard (AVETMISS).

The Australian Vocational Education and Training Management Information Statistical Standard (AVETMISS) for VET providers is a national data standard for VET providers that ensures the consistent and accurate capture of VET information about students, their courses, units of activity, and qualifications completed. It provides the mechanism for national reporting of the VET system.

For a copy of the AVETMIS Standard go to <http://www.ncver.edu.au> and select Statistical Standards – VET Providers.

(Note: AVETMISS is revised from time to time to maintain relevance and appropriateness. The current version can be accessed from the NCVET website (above).

The Data Provision Requirements require relevant applicants and RTOs to show that they have adequate systems to capture and report on this data against the agreed quality indicators.

PRIVACY PROTECTION ACT 2012 & PRIVACY ACT 1988

The RTO respects the importance of securing any form of personal information which is collected from the student (s) and/or other Stakeholders. The RTO promotes and conducts the following policy in accordance with the privacy Amendment (enhancing Privacy Protection) Act 2012, which amends the Privacy Act 1988.

Australian Privacy Principle 1 – Open and transparent management of personal information

Types of information which will be collected and where it is held

The RTO collects information for training purposes and compliance against NVR standards to ensure quality service is given to its students in an open and transparent way.

The information collected and stored in the RTO's AVETMISS database includes;

- Student Name
- Age, sex

ANTI-BULLYING

Violence, harassment and bullying are human rights issues that profoundly affect the lives of many people in Australia.

We all have a right to feel safe and respected. We all have a right to live our lives free from violence. Violence, harassment and bullying can violate these rights. They can also impact on other rights, such as the right to education and the right to health. Violence, harassment and bullying affect well-being and quality of life.

Victims can experience significant social isolation and feel unsafe. Bullying can lead to emotional and physical harm, loss of self-esteem, feelings of shame and anxiety, and concentration and learning difficulties. Tragically, violence, harassment and bullying can lead to suicide in extreme cases.

These are not issues that concern only children and young people. Violence, harassment and bullying can occur in a number of different environments, including in workplaces, care facilities and in the community, and can affect people of all ages and backgrounds.

Bullying can also take place in cyberspace: over the internet and on mobile phones. New technologies enable the spread of information, ideas and images to large numbers of people very quickly. There are many challenges in protecting people from violence, harassment and bullying in cyberspace.

We all have a responsibility to create a safe environment by standing up against violence, harassment and bullying. If bystanders take safe and appropriate action to stop bullying, we can all be a part of the solution. In the event of a situation that is considered by clients to be in violation of the RTO harassment, victimisation and bullying policy, report the situation to management.
